Stylish Luxury Hotel on Ipanema Beach

3 nights

Set against a stunning backdrop of mountains, lagoons and beaches, Rio is a place to both relax and enjoy the pleasures of city life. Being based here ourselves, we are uniquely positioned to get you closer to the residents and their culture; we are on hand to help you, from organising samba lessons and speedboat trips, to explaining local etiquette and where the locals go to enjoy authentic live music.

Leonardo, (a Rio local himself) will arrange a day to give you a personalised luxury city tour, showing you those hidden details often missed by the conventional tours and stopping at an excellent local restaurant for lunch before visiting the ‘must see’ attraction of Christ the Redeemer. Everything is done at your own pace, with relaxed and friendly guidance.

You stay in a luxury hotel on Ipanema beach, where you have our favourite room that looks out across the beach. Based in the most glamorous neighbourhood of the city, you're only walking distance from the best shops, bars and restaurants Rio has to offer.

Luxury Hotel Overlooking Iguacu Falls

2 nights

Made up of some 275 separate falls that cascade over a precipice 3km wide Foz do Iguacu is, without question, one of the world's great natural wonders. Located on the border of Brazil, Paraguay and Argentina, their beauty and sheer magnificence really are indescribable. Previous visitors to the other great waterfalls of the world are consistently amazed by the sheer volume of water and consistently confirm Iguacu's reputation as the most impressive in the world. In 1986 UNESCO declared the falls a Natural Heritage of Mankind.

Tadeu will arrive to give you a walking tour of the Argentinean side before you board a powerboat to get up close to the falls to fully experience this amazing phenomenon.

We use the only hotel actually based within the national park of the falls, a charming hacienda-style lodge set amongst tranquil gardens and with all the amenities one would expect from a top quality hotel.

Amazon Jungle Lodge

4 nights

Perhaps the last great wilderness, everyone talks about the Amazon, its importance to our survival and the dangers it faces, but very few people have actually been there to really see and feel this awesome place. At any one time the Amazon River basin contains one fifth of the world's fresh water. There are over a thousand tributaries, many larger than the Mississippi. At the Obidos Narrows in the Andes the river is 2km wide, at its mouth its banks are further apart than London and Paris. Every day fishermen in the Amazon bring in fish never before seen by scientists.

Your jungle lodge is set by a tributary in the heart of the Amazon, where you have a stilted chalet set in the grounds. It is built from local materials and blends in seamlessly with its surroundings. You have unlimited access to all the lodge's facilities and activities (done in small groups) including boat trips to see the pink river dolphins, local indigenous villages, treks into the primary rainforest, stopping for a barbecue lunch (with the option of spending a night in a hammock in the middle of the jungle) and sunrise kayaking, piranha fishing trips, caiman spotting trips, and much more besides, all ensuring that you get to fully participate in the awesome surroundings while being led by knowledgeable guides who speak excellent English.

The lodge is also a wonderful place to relax as it is spread throughout a large area of jungle; you can unwind on your private balcony, in the bar or by swimming from the pontoon. There is a large buffet selection of a variety of excellent local food to choose from 3 times a day.

- *Private Chalet, All meals included*
- *Champagne & Honeymoon Treats*
- *All activities included*

Day 10

Transfer back to Manaus Airport by boat and car.
Flight: Manaus (MAO) – Fernando de Noronha (FEN).
Greeting in Arrivals and luxury private transfer to Hotel.

Exclusive Luxury Hotel on Fernando de Noronha

4 nights

An island paradise 350km off the coast of Brazil. UNESCO measured the air here as the second purest in the world after the Arctic. This important marine sanctuary is truly one of the most wonderful places on the planet, and thankfully it remains still undiscovered by mass tourism. Some of the most breathtaking beaches in the world are at the end of the island's dusty tracks, many of which you will have to yourself; some have a wooden shack selling coconuts, beer and caipirinhas but few other people.

With its crystal-clear water (visibility up to 50m & average water temperature of 25°C) and rich marine life, the archipelago is a paradise for snorkelers and scuba divers, offering a huge array of exciting dives at all levels. The island social scene is easy to tap into should you want to, ranging from exquisite restaurants overlooking the sea to full moon parties on the beach.

We can set up a private barbeque of fresh lobster or a simple chilled bottle of champagne on a secluded section of beach our concierge is always on hand to help plan the most romantic of moments.

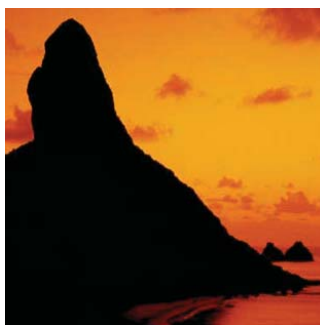

You stay in a luxury pousada of just 8 private chalets with a jacuzzi on the balcony and a beautiful view to the bay at one of our favourite hotels, which has a staff of 45 looking after a maximum of 22 guests.

The day after your arrival, your guide Mauricio will arrive and show you to his sailboat for a trip around this beautiful archipelago, pointing out the abundant wildlife and stopping to snorkel (all equipment provided) in the warm clear waters. He will bring you to a secluded bay and lay out a champagne picnic for you, returning a short while later to bring you back to the hotel.

- *Luxury Chalet, Breakfast included*
- *Champagne & Honeymoon Treats*
- *Day trip on Mauricio's sailboat including champagne picnic*
